ECOWATT®

THE MOST ENERGY EFFICIENT PRODUCTS FROM S&P

ADVANCING VENTILATION®

WHAT IS

ECOWATT?

S&P's Ecowatt® products are our most energy-efficient models. They use Electronically Commutated (EC) or Direct Current (DC) motors. Ecowatt® Accessories are motor control devices and systems that reduce energy consumption.

LOOK FOR THIS ICON FOR THE MOST ENERGY EFFICIENT OPTIONS.

WHY IS IT IMPORTANT?

- Helps meet energy-efficient codes where necessary
- Save in energy costs long term
- Extended service life
- Versatility
- Attractive option for applications that require speed control
